The Georgia Board of Health Care Workforce (GBHCW) strives to identify the physician, physician assistant, advanced practice, registered nurse, and dentist workforce needs of Georgia communities, and to meet those needs through the support and development of medical education programs.

Introduction

The Georgia Board of Health Care Workforce (Board) members and staff are pleased to present the Award Report for Loan Repayment Programs for the Fiscal Year 2022.

In total, the Board awarded **\$1,782,247** to 94 recipients:

- Physicians for Rural Areas Assistance Program, 36 recipients, 24 counties, \$921,283
- Georgia Physician Loan Repayment Program, 4 recipients, 4 counties, \$170,000
- Dentists for Rural Areas Assistance Program, 12 recipients, 9 counties, \$271,137
- Physician Assistant Loan Repayment Program, 21 recipients, 17 counties, \$210,000
- Advanced Practice Registered Nurse Loan Repayment Program, 21 recipients, 14 counties, \$209,827

These programs require a commitment to practice for a minimum of 40 hours per week in a Georgia county with a population of 50,000 or less people according to the 2020 Census Count of the United States Bureau of the Census. The practice time requirement can be split between two or more counties, provided that none of the practice location counties exceed the 50,000 population limit, unless approved by the Board.

The administrative costs to carry out these loan repayment programs are funded through the Board Administration program of the Georgia Department of Community Health section in the state's budget, while the awards were funded through the Physicians for Rural Areas Assistance program.
