Dear Applicant:

Enclosed are information and application materials for the **Georgia Physician Loan Repayment Program (GPLRP)** administered by the Georgia Board of Health Care Workforce (GBHCW or Board).

The purpose of this program is to grant service cancelable loans of up to $25,000.00 per year to physicians to repay their outstanding medical education debt on the condition that the physician practice full-time in an underserved rural area in Georgia. A participant in the program must practice for a minimum of two years in a targeted rural area.

A participant may elect to re-apply for additional funding awarded on an annual basis for two years for a maximum of four years funding with approval of the Georgia Board of Health Care Workforce. The targeted underserved rural areas under this program are federally designated Health Professional Shortage Areas (HPSA) and are subject to change. The HPSA status of the practice location listed on the application will be evaluated prior to each award cycle. Also, a practice site must be located in a Georgia county with a population of 50,000 or less according to the most recent U.S. Decennial Census.

The GPLRP requires physicians to practice in the following specialties: **Family Medicine (or Osteopathic General Practice), Internal Medicine, Pediatrics, Obstetrics/Gynecology, Geriatrics or Psychiatry.**

To apply for the GPLRP, complete the enclosed Application, Lender Disclosure Form(s), and forward the Practice Site Assessment to the appropriate individual at your practice site to complete and return to the GBHCW.

All application materials must be received by **November 1st**. Applications will be presented to the Board at the next meeting after the due date.

Please contact **Ms. Yvette Speight at yspeight@dch.ga.gov** if you have questions.

Sincerely,

LaSharn Hughes, MBA

GEORGIA PHYSICIAN LOAN REPAYMENT PROGRAM

PURPOSE OF THE PROGRAM

The Georgia Physician Loan Repayment Program (GPLRP) is a service cancelable loan for medical education debt repayment program funded by the State of Georgia and a grant from the U.S. Department of Health and Human Services Health Resources and Services Administration (HRSA).

The purpose of the GPLRP is to:

• Build viable practices in Georgia's medically underserved areas;

• Encourage economic growth in Primary Medical Care and Mental Health Professional Shortage Areas;

• Improve healthcare delivery by increasing access to health care and minimizing disparities for rural Georgians.

Eligible counties must have populations of 50,000 or fewer persons according to the most recent United States Census and be designated as a Primary Medical Care or Mental Health Professional Shortage Area (HPSA) by the federal government.

In return for practicing in an eligible rural Georgia county, physicians will receive a payment of $25,000 per year and can reapply for additional yearlong obligations in return for a maximum of $100,000 over four years.

Funds provided through this program are to be used for the repayment of existing medical education loan debt. Qualified medical education loans are defined below in the *Application Requirements* section. To be considered for an award, applicants must document all outstanding medical education loan debt.

ELIGIBLE STUDENT LOANS

Qualifying educational loans are Government and commercial loans for actual costs paid for tuition and reasonable educational and living expenses related to the education of the applicant.

If the applicant has a consolidated/refinanced loan that is made up entirely of qualifying education loans of the applicant, the consolidated/refinanced loan is eligible for repayment. If the applicant has consolidated otherwise qualifying educational loans with any non-qualifying debt, no portion of the consolidated/refinanced loan will be eligible for repayment.

Individuals who have Primary Care Loans through the Department of Health and Human Services, Health Resources and Services Administration, Bureau of Health Professions are NOT eligible to participate in the GPLRP.

REQUIREMENTS AND CONTRACTUAL OBLIGATIONS

GPLRP participants must practice their profession for an initial contract period of two years at a site approved by the Board and that is in compliance with Federal Loan Repayment Program requirements. Approved sites must be located in a federally recognized Primary Medical Care Health Professional Shortage Area (HPSA) or Mental Health Professional Shortage Area (MHPSA) for psychiatrists, which are also in a Georgia county with a population of 50,000 or less according to the 2010 U.S. Decennial Census. Award recipients may be eligible for two contract renewals of one year each.

The GPLRP requires practice sites also be a **public** or **nonprofit facility**. Public facilities would include those owned and operated by the Georgia Department of Public Health, Georgia Department of Behavioral Health and Developmental Disabilities, Georgia Department of Corrections, or Georgia Department of Juvenile Justice or Federally Qualified Health Centers (FQHCs). Nonprofit facilities are health care facilities that meet the requirements for tax exemption under the Internal Revenue Code.

Physicians must practice their specialty full-time, defined as 40 hours per week of patient care, with no more than 8 of those hours per week devoted to practice-related administrative activities, at the practice entity named in the application. For all physicians, 40 hours per week may be compressed into no less than 4 days per week with no more than 12 hours of work to be performed in any 24-hour period. Hours worked over 40 hours per week will not be applied to any other work week. Participants must work at least 45 weeks per service year providing primary health services. No more than 7 weeks (35 workdays) per year can be spent away from the practice for vacation, holidays, continuing professional education, illness, or any other reason. Absences greater than 7 weeks in a GPLRP service year will extend the service commitment end date.

At least 32 hours per week must be spent providing direct patient care. These services must be conducted during normally scheduled clinic hours in the ambulatory care setting office (s). The remaining hours must be spent providing inpatient care to patients of the approved site and/or performing practice-related administrative activities.

Research and teaching are not considered to be “clinical practice” and time spent “on-call” is not considered part of full-time practice. An exception to these rules is allowed for providers of obstetrical care.

For obstetrical care providers (OB/GYNs or FPs who practice obstetrics on a regular basis), the majority of full-time service (not less than 21 hours per week) is to be devoted to direct patient care in an approved ambulatory care practice site during normal scheduled office hours. The remaining hours can be spent providing inpatient care to patients of the approved site and/or on practice related administrative duties. Time spent on administrative duties cannot exceed 8 hours per week. Time spent “on-call” is not considered part of full-time practice.

The funds that the physician may receive from this program are in addition to any other salary, benefits or other compensation the physician receives as part of a practice and/or employment arrangement provided there is no duplication of benefits.

Recipients of the GPLRP funding will be responsible for submitting a mid-term status report to allow the Board to monitor compliance of program’s requirements.

APPLICANT ELIGIBILITY

Eligible Applicants must:

• be a citizen of the United States of America or a U.S. National;

• be licensed to practice medicine within the State of Georgia at the time the application is made;

• be a graduate of a graduate medical education program located in the United States which has received accreditation or provisional accreditation by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association designed to qualify the graduate for licensure by the Georgia Composite Medical Board;

• be a practitioner in one of these approved specialties: **Family Medicine (and osteopathic general practice), Internal Medicine, Pediatrics, Obstetrics/Gynecology, Geriatrics, Psychiatry**.

• serve patients regardless of their ability to pay and make use of a sliding fee scale for payment of services; also accept Medicare, Medicaid and PeachCare and prominently display a sign stating all provisions as provided above.

Applicants are ineligible if they:

• are a GBHCW Scholarship recipient currently servicing a State of Georgia obligation,

• have other current service obligations to the Federal Government (e.g., National Health Service Corps, Military Service Obligations) or a State or other entity, prior to the beginning of this contract nor has defaulted on any previous service obligations to the Federal Government or State of Georgia. Not to include individuals in the Reserves of the U.S. Armed Forces or National Guard. However, the GPLRP service obligation will be extended to compensate for the break in "full-time" service if participation in the reserves or a combination with other absences from the service site exceeds **35 workdays/service year**.

• have a judgment or lien against property for debt to the United States.

• have defaulted on any FEDERAL payment obligations (e.g., Health Education Assistance Loans, Federal income tax liabilities, Federal Housing Authority loans, etc.) even if the creditor now considers them to be in good standing;

PROGRAM PROVISIONS

Waiver

A participant may request a waiver of the GPLRP obligation. A waiver is a permanent status. In order to qualify for a waiver of the GPLRP service obligation, a participant must document a medical condition or a personal situation that makes compliance with the obligation permanently "impossible" or an "extreme hardship" such that enforcement would be against equity and good conscience. An example would be an illness so debilitating that the participant can no longer practice his/her profession.

Suspension

Participants may request a suspension of their GPLRP obligation. A Suspension may be granted for up to one year. In order to qualify for a suspension, the participant must document a medical condition or personal situation that makes compliance with the obligation temporarily "impossible" or an "extreme hardship" such that enforcement would be against equity and good conscience. Examples would be the terminal illness of an immediate family member for whom the participant is caretaker or extended maternity leave due to medical complications.

Default

Participants who fail to begin or complete their GPLRP service obligation or otherwise breach the terms and conditions of the obligation are in default of their contracts and are subject to the financial consequences outlined in their contracts.

Cancellation

The only permissible basis for canceling a Georgia Physician Loan Repayment Program contract is the death of the GPLRP participant.

Breach of Contract Penalty

A participant who breaches their obligation will be subjected to paying an amount equal to the total of the amount paid by the GPLRP to, or on behalf of, the participant for loan repayments for any period of obligated service not served; and an amount equal to the number of months of obligated service not completed multiplied by $7,500; interest on the above amounts at the maximum legal prevailing rate, as determined by the treasurer of the United States, from the date of breach, except that the amount to recover will not be less than $31,000; and the total amount owed is due within one year of the breach.

Penalty = [Total GPLRP Payout + (Remaining Months' of Service *$7500)]

Facts to Remember

Practice entities must be either a public or nonprofit facility and be located within a designated Health Professional Shortage Area (HPSA) and in a county of 50,000 or less population

As of January 1, 2004, funds disbursed for the Georgia Physician Loan Repayment Program are exempt from gross income and employment taxes. These funds are also excluded from being taken into account as wages in determining benefits under the Social Security Act.

While the GBHCW understands the vested interest of multiple partners in your obtaining financial assistance, they are not obligated in any way to statements of fact not incorporated as a part of this document or other documents prepared by the authority of the GBHCW. Representations as to regulations, the likelihood of funding, amount of funding, manner, and time schedule for funding may be unreliable if not obtained from the GBHCW. Program eligibility is solely determined by the GBHCW.

Please contact the Board if you have questions or need additional information.
